ABOUT US

World Care Charity is an charitable organization whose purpose is to give money, food, or help to those who need it, or to carry out activities such as medical research that will help people in need. Fixing, helping, and serving are all acts of being charitable in different ways. What is most important is to offer up compassion, uplift the people, accepting people exactly where they are in their life.

Society and government aren't set up to protect everyone who needs it. That's why World Care charities are here to fill the gaps and provide dedicated resources to help the most vulnerable.
